Site Lead,After-School Counselor, Summer Camp Counselor, Wellness Floor Attendant.

Supervised programs and activities for children and provided member service.

Main Event Entertainment · 2017 ·

Game Attendant.

Projects

- **Suddy's Car Wash Website · September - October 2026:**

  Designed, developed, and launched the website for a car wash. The design leans toward a franchise-ready brand system: polished, structured, and buttoned-up, giving the site the credibility and consistency of a larger franchise—even though the owners have no immediate plans to franchise.

- **Alvin Express Car wash website · July – August 2026:**

  Designed, developed, and launched the website for a car wash. This site was intentionally given a more hometown feel: simple, approachable, and a little more fun and expressive in its design.

- **Golf Car X website · October 2025 – January 2026:**

  Launched the product site where buyers can see optional golf cart cleaning chemicals and ask to demo the fleet asset management software.

- **SC Detail Store Instagram · August – September 2025:**

  Launched a separate account so the store stopped getting mixed up with the main company page, with four posts ready for the relaunch.

- **The Peak, a Stinger Chemical documentary · June – November 2025:**

  Edited and released a film that follows race cars through extreme heat, wear, and speed to show how Quantum Car Care products perform.

- **Stinger Chemicals - Trade Shows 2024 - Present:**

  Sole videographer, editor, video manager, and social poster for Stinger Chemical at the show, with several edited posts reaching a worldwide audience at trade shows.

  These include:

  SEMA, ICA, MTE, SWCS

- **Stinger Chemical - Streamed Training · November 2024 – Present:**

  Run camera operation and live sound for Stinger's free monthly detailing courses, held in Houston and streamed live on YouTube.

- **Stinger Chemical - The Hive Videocast· August – Present:**

  Launched the Stinger Chemical videocast, handling technical direction and video editing.
